In the Drawings:

Please replace drawing sheet 1 (showing FIG. 1) with the newly submitted figure attached herewith on a separate sheet.

In the Specification

Please amend paragraph 1 on page 1 by inserting the underlined text ("____") and removing the stricken text ("—").

FIG. 1 depicts a known flat screen type display device 90 which may be for example a liquid crystal display (LCD), light emitting diode (LED), gas plasma or other flat panel type display device. The display device 90 of FIG. 1 comprises a mechanism for assisting a user in relocating the display device 90. In this regard, the display device 90 of FIG. 1 comprises a handle 94. The display handle 94 is typically molded and recessed in a plastic portion of the display [[~~94~~]]90. The purpose of the handle [[~~92~~]]94 is to provide a user with a way of grasping the lightweight and portable display device 90 and moving the display device 90 from one place to another.
